

## Container Lifting Hooks

Container lifting hooks are a grade 80 fitting, designed especially for the lifting purposes of containers. Container lifting hooks are supplied in either an angled lug, with configurations for both left and right, or a straight point lug, for a complete vertical lift. The Container Lifting Lugs lock into the Corner Castings of shipping containers

Model		Dimensions (inches)					WLL lbs	Weight lbs/pc	Product Code
		L	B	H	F	G			
VL	Left Hand	7.60	2.80	1.00	3.00	8.80	27,500	8.8	39710001
VR	Right Hand	7.60	2.80	1.00	3.00	8.80	27,500	8.8	39710002
VS	Straight	7.60	2.80	1.00	3.00	8.80	27,500	8.8	39710003
